

## Parking Operation Procedures for 80 M Parking facility

### Day to Day Parking Operation Procedure:

- ✓ Parking is available on the first come first serve bases with the exception of Reserved spaces
- ✓ Garage staff monitor space availability on each floor and assist customers in locating space
- ✓ Once all the single space are occupied, garage attendants will direct customers to the first/closest double parking space available to assist customer not wasting their time looking for single space driving down to the third floor. Customers are not obligated to park where the attendant direct them to park but if they block another car, they are to leave their key with the attendant so we can be able to move their vehicle if the blocked vehicle need to move.
- ✓ Upon leaving their key with us, customers are issued a claim ticket so they can later use it to retrieve their vehicle. Their key will be assigned the same ticket # as the claim ticket and stored in a lock box
- ✓ Attendants will keep monitoring the garage and be available to assist customers who want to retrieve their vehicle
- ✓ If blocking a vehicle, customer must present their claim ticket so the attendant can be able to identify and locate their vehicle

The Washington Nationals baseball stadium is located two blocks from 80 M St. building. We provide event parking during the baseball season. On weekdays, non-event customers who enter the facility prior to 8:30am are likely to be charged a lesser flat rate than event customers' rate. Anyone who arrives at the location after the cut-off time will be charged the event rate.
- ✓ All Day-to-day parking operation procedures apply
- ✓ Our valued monthly customers will not be charged to utilize the 80 M parking facility to attend the National's baseball games. **Must** present valued access devise and current month hang tag
