### CATERING HOURS

When making a reservation, tenants must budget time for setup and clean up. This includes catering. Catering partners cannot arrive before the reservation begins and must completely loadout before the reservation ends.

### ACCEPTABLE EVENTS

The conference center is designed for business related events. Please refrain from reserving space in the conference center for social or personal events including but not limited to birthday parties, baby showers, happy hours, and sports watching events.

### FOOD & ALCOHOL POLICY

Serving alcohol is not permitted in the conference center. Exceptions may be made on a case-by-case basis, but explicit written permission from Columbia Property Trust is required. If permitted, a full-service caterer must be contracted to provide licensed bartenders to serve

alcohol. Proof of liquor license and a Certificate of Insurance (COI) will be required as well. Homemade foods are not permitted in the conference center. All food served in the conference center must be prepackaged or professionally prepared.

### CANCELLATION POLICY

It is preferred that meeting space reservations be canceled up to two (2) full business days before the beginning of the event.

Modifications to meeting space needs made less than two (2) business days in advance are not guaranteed.

## RESERVATION SYSTEM

### MAKING A RESERVATION

There are two ways that tenants may make reservations for the Conference Center at 80 M Street.

#### OPTION 1:

Tenants may request a Conference Center Application from the Management office. The tenant must complete and submit no later than two (2) days prior to the event. The Management office will then coordinate with the point of contact to discuss next steps.

#### OPTION 2:

Any user with an authorized Building Engines account can reserve space in the conference center.

Navigate to [www.buildingengines.com/login](http://www.buildingengines.com/login).

You will be prompted to provide your Username and Password (provided to you by a member of your property management staff):

1. Navigate to the Resource Schedule tab from your Tenant Homepage.
2. View available building resources in the left panel, as well as a full-page calendar with toggles for month, week, day, and today.
3. Click Create Reservation to schedule a new event.
4. Select a resource from the dropdown. Provide all required request details, name the event, and select a date and time, and click 'Save' to complete the resource reservation request.
5. Once your reservation request has been saved, your event will appear on the calendar between the start and end dates you have selected. The calendar will also display any other tenant reservations for the space to prevent duplicate bookings.
6. Your request will be placed into 'Pending' status. The Management Team will review your request.

## EDITING OR CANCELING AN EXISTING RESERVATION

Standard users can only edit or cancel their own reservations while Admins can modify any reservation made by users in their organization.

To modify or cancel:

1. Navigate to the Resource Schedule tab from your Tenant Homepage.
2. Open your confirmed resource reservation.
3. Make appropriate modifications and Click 'Save'.
